DANISH IP FAIR

Presenting top inventions from all Danish Research Institutions in one joint event

Danish IP Fair offers the unique opportunity for you to scout inventions, IP and technologies from all Danish Universities and University hospitals.

We bring together companies, investors, entrepreneurial researchers and university business developers, for a day of high-level networking through pre-scheduled partnering meetings and an open IP fair environment.

Opportunities within the areas of:

· Digital and ICT

· Energy and Environment

· Advanced Material and Technologies

· Biotech and Health Care

Organized by:
Aarhus University,
Aalborg University,
University of Copenhagen,
Technical University of Denmark,
University of Southern Denmark
and the Regional University Hospitals

Hosted by:
Confederation of
Danish Industry (DI)
